|--|---|------------------|
| Machine folding of maps
with envelope pockets | - | \$162,000.00 |
| Changes in paper | - | <u>56,000.00</u> |
| Total Savings | - | \$218,000.00 |

5. We have been informed by the Government Printing Office that they are holding the folding machine order until a decision is reached on the method of handling the maps in ~~our~~ ^{its} studies. If the present map insert system is continued, a larger and more expensive folding machine will be necessary than the folding machine needed for the [REDACTED] program alone.
